BID BULLETIN NO. 1
29 October 2020

Lease Service Delivery of Eight Megahertz (8MHz – 4 MHz for Distribution and 4 MHz for Contribution) Standard C-Band Space Segment for the People's Television Network, Inc. (PTNI)
ITB NO. 2020-0021

This bulletin is being issued to revise/clarify certain portions of the bidding documents, address a number of concerns and questions. This shall form an integral part of the bidding document for the above-stated project..

Item No.	Comments/Queries/Concerns	Final Response
1	There is no template available in the Bid documents, does it means Bidders will have their own format?	The bidder is required to use the prescribed procurement forms that can be downloaded at https://www.gppb.gov.ph/downloadables.php
2	Whether there is any template for "Financial Bid Form" and "Price Schedule"?	Yes, there is a prescribed forms/template that can be downloaded here https://www.gppb.gov.ph/downloadables.php
3	For confirmation, the copy of Bid documents to be submitted is only 1 Copy?	Each bidder shall submit **two (2)** copies of the first and second components of its Bid. (see annex A)
4	Can the bidder offer KU Band or you are firm with C-Band?	Yes, the bidders may use **KU-BAND** as an eligibility reference or use as similar contract for SLCC.
5	Our offering is to use Extended Band-C, will it be acceptable to use an Extended Band-C in exchange to Standard Band-C Sat System?	The bidders are required to offer only a **Standard C-Band.**
6	For the similar project, a. "Lease service delivery of Standard C-Band Space Segment for Broadcast Television" will it be acceptable for a Rental Service of C-Band Space Segment Project?	No, the procuring entity would like to stick with the similar project stated in the bidding documents.
7	Our C-band transponder is fully cover the entire territory of the Philippines, we would like to know something more about the technical specifications of ground equipment, such as UC/DC, Antenna and BUC/LNB, to further check/confirm if the equipment are compatible with our C-band system. Is it possible that we can get more information about the existing system of PTNI.	UC/DC AND LNB - ALL IN STANDARD C-BAND ANTENNA – 4.5M LINEAR BUC – 400 WATTS TWTA LINEAR C-BAND

All other information in the bidding document inconsistent with the above are hereby revised accordingly. All other provisions which are not affected shall remain in effect.

For further guidance and information of all concerned.
Thank you.
