BID BULLETIN NO. 3

4 January 2022

Rebid of Provision of Foreign Newswire for the People's Television Network, Inc. (PTNI)
ITB No. 2022-0019

This bulletin is being issued to revise/clarify certain portions of the bidding documents. This shall form an integral part of the bidding document for the above-stated project.

Item No.	Queries/Questions	Response
1	<p>We would like to clarify with you on the scope of the technical specification in the latest bidding document, as it seems that PTV is still expecting an unlimited access to video, photos, and text stories of the day's most important news/topics, including breaking news, sports, politics, business, features, documentaries, graphics, and entertainment.</p> <p>Does this suggest that you are not interested by the multimedia credit pack solution anymore please? If this is a dealbreaker, then we might have to revise our entire proposal and I'm afraid that the pricing offer will be impacted.</p>	<p>Yes, PTV requires unlimited access to video, photos, and text stories of the day's most important news/topics, including breaking news, sports, politics, business, features, documentaries, graphics, and entertainment.</p> <p>Three (3) departments/units will use these materials; therefore, having unlimited access to such materials is the best option, for we cannot risk the quality/content of our stories due to lack of materials.</p>

All other information in the Bidding Documents inconsistent with the above is hereby revised accordingly. All other provisions which are not affected shall remain in effect.

For further guidance and information of all concerned.

Thank you.
